| Field of Study       | Management Advisory Services -- 1 Credit   |
| Instructor(s)        | David Weild, Marie Lee   |
| Description          | <p>TechAmerica and Grant Thornton LLP are pleased to present the sixth webcast in our CFO Insights series. This webcast focuses on the impact of the JOBS Act on technology companies.</p> <p>On April 5, President Obama signed the Jumpstart Our Business Startups (JOBS) Act into law. This is a first step, among other solutions, to encourage small businesses to access U.S. capital markets, spur business innovation, generate new jobs and revitalize the U.S. economy. While some provisions of the JOBS Act take effect immediately, others won't be implemented until new rules are written by the SEC — a process that should extend into next year.</p> |
| Prerequisites        | None   |

#### **PARTICIPATION REQUIREMENTS/CERTIFICATE OF ATTENDANCE**

To receive the verification of attendance necessary for credit, participants must sign-in no later than the scheduled start time. Participants are expected to actively participate throughout the program, in either presenter-led polling questions or participation markers. At the end of the course, each participant who meets the participation requirements will receive a Certificate of Attendance.

#### **CUSTOMER SUPPORT**

For non-urgent questions please write to [GTT\\_support@learnlive.com](mailto:GTT_support@learnlive.com) and we will respond to your issues as quickly as possible. To speak with a customer support representative please call 1 (888) 228-0988 (M-F 5 am - 5 pm Pacific Time). For teleconference users, dial \*0 on your telephone for technical assistance at any time during or just prior to the web event.

If this is a new event for tomorrow, please sign me up to attend tomorrow. I think it is free.

But I think this is the one from June 12<sup>th</sup>, that I simply moved that calendar date, to remind me to have you check for archive.

If this was from the June 12<sup>th</sup>, is there an archive? If so please put note that there is an archive, with the link, into here, as I will be moving this forward on my calendar again to watch later, if its archived.

If being shown tomorrow I will get online tomorrow at the broadcast.

Note typo on Subject line "Companys", while the original subject line had it spelled correctly. Looks like the subject lines are being retyped manually instead of just copy and paste. Please copy and paste subject lines from now on, instead of manually typing them, in order to avoid the frequency of subject line typos that have been occurring. It's also faster and more efficient to copy and paste from subject line in original email to our calendar subject line.

I forward these events to other people or "invite attendees" from my calendar item, so its important to me to have the Subject lines Spelled correctly when I'm "inviting" other people. Thanks.
