#### CHARITABLE DATABASE

Welcome to the Illinois Attorney General's Charitable Database. Illinois law requires charitable organizations which solicit and/or hold charitable monies in Illinois to register and file annual financial reports with the Attorney General's Office. These annual financial reports provide a valuable source of information to help you ascertain a particular charity's programs, activities, grants, finances, and priorities. The Charitable Database allows you to search for public charities and private foundations which are registered in Illinois by name, registration number, FEIN #, city, state and/or zip code. Illinois Attorney General Lisa Madigan provides this Charitable Database to expand public access to the information charities are required to file with her Office. In reviewing these reports, you must remember that the charity – not the Attorney General – prepares these reports.

##### ***Disclaimer of Endorsement***

The registration of any charitable organization with the Office of the Illinois Attorney General does not constitute an endorsement by the State of Illinois or the Office of the Illinois Attorney General. Moreover, the inclusion of a charitable organization in the Charitable Database does not indicate in any manner that the Attorney General supports, sanctions, or verifies the information of such charitable organization. Inclusion in the database indicates that a charitable organization has minimally complied with the registration and annual reporting requirements imposed on it by Illinois law.
